5 Moratorium

This policy has a two year moratorium. This means that pre-existing conditions will not be covered during the first two years of the policy. After this a pre-existing condition may be covered if a period of two consecutive years has elapsed since any symptoms, treatment, medication, tests or advice was received for that condition.

You do not have to have identified the condition for it to be pre-existing. However, it is highly likely that major conditions manifesting themselves in the first 6 months of a policy must have pre-dated the start date and so will be deemed pre-existing. This policy does not cover pre-existing conditions.

6 Data Protection & General Data Protection Regulations

The data protection law in the UK will change on 25 May 2018. This paragraph sets out how we process your data and your rights under the new laws, although you should refer to the Morgan Price Privacy Notice at [\[www.morgan-price.com/privacy-policy\]](http://www.morgan-price.com/privacy-policy) for further details.

Morgan Price International Healthcare Ltd together with its insurance partners are the joint controller and processor of your personal data (the insurance partner of your policy will be advised to you when you purchase the cover). We will collect your personal data including but not limited to special categories of Personal Data about you (this includes details about your sex, ethnicity, age, and information about your health and medical conditions). We respect your privacy and we are committed to protecting your personal data.

This notice aims to give you information on how we collect and process your personal data when using our insurance services, including any data you may provide when you purchase our insurance products or services. Personal data, or personal information, means any information about an individual from which that person can be identified. It does not include data where the identity has been removed (anonymous data). Where we need to collect personal data by law, or under the terms of an (insurance) contract we have with you and you fail to provide that data when requested, we may not be able to perform the contract we have or are trying to enter into with you or provide the insurance services to you (for example, to provide you with medical claims insurance services). In this case, we may have to cancel the insurance product or insurance service you have with us but we will notify you if this is the case at the time. We will only use your personal data when the law allows us to. Most commonly, we will use your personal data in the following circumstances:

- Where we need to perform the insurance contract we are about to enter into or have entered into with you;
- Where we need to assess any medical conditions, claims and health data to perform our obligations under the insurance contract;
- Where it is necessary for our legitimate interests (or those of a third party) and your interests and fundamental rights do not override those interests;
- Where we need to comply with a legal or regulatory obligation.

We will only use your personal data for the purposes of providing insurance products and services unless otherwise indicated to you. We may have to share your personal data with our insurance partners, which may include reinsurers, insurance intermediaries, third party medical claims administrators and other related parties to satisfy our contractual and legal obligations under the insurance contract (policy terms).

Many of our external third parties are based outside the European Economic Area (EEA) so their processing of your personal data will involve a transfer of data outside the EEA. Whenever we transfer your personal data out of the EEA, we ensure a similar degree of protection is afforded to it by ensuring that we use specific contracts approved by the European Commission. We have put in place appropriate security measures to prevent your personal data from being accidentally lost, used or accessed in an unauthorised way, altered or disclosed. In addition, we limit access to your personal data to those employees, agents, contractors and other third parties who have a business need to know. They will only process your personal data on our instructions and they are subject to a duty of confidentiality.

We will only retain your personal data for as long as necessary to fulfil the purposes we collected it for, including for the purposes of satisfying any legal, accounting, or reporting requirements.

Under certain circumstances, you have rights under data protection laws in relation to your personal data.
